ITR North America... Now Shipping From Jacksonville, Florida

ITR North America is committed to providing our dealers with fast availability of high quality components and is pleased to announce ITR Undercarriage is now in stock and available for immediate shipment from ITR's new Jacksonville, Florida depot.

ITR dealers located in Florida, Georgia, Alabama, South Carolina, North Carolina, Tennessee, Virginia and surrounding areas will now enjoy great ITR product availability with overnight and next day service at reduced freight costs.

A substantial inventory of ITR Undercarriage Products is now located at the new depot including Track Chains, Rollers, Idlers, Sprockets, Segment Groups and many other popular undercarriage items. This initial inventory is designed to offer dealers coverage for a wide range of popular tracked equipment including Caterpillar, Deere, Hitachi, Case, Komatsu and other well known equipment manufacturers. Over the next few months, ITR's Jacksonville inventory will continue to grow and expand to service regional dealer's requirements.

Along with our main distribution facility located in Hobart, Indiana (near Chicago), this new Florida Depot shipping location will provide most Southeastern ITR Dealers with a one or two day availability of popular ITR Undercarriage.

For more information on ITR North America's products visit our website at www.ITRNA.com or contact ITR North America at: Phone: 888-988-2488 or E-mail us at One@ITRNA.com.
